Dear Valued Customers,

Here is Mike's Finest 2011 Mother's Day price list—the most complete and competitive price list ever. Please take the time to review and feel free to call with any questions. The products we have listed encompass some of the finest growers in the business and the pricing we have listed cannot be beat when you compare quality and price. We are not looking for the cheapest flowers, but the best value for you and your customer dollar. I strongly suggest you book your orders early. Many items are very limited this year and after product is booked out prices will increase and the quality you need could be compromised.

The holiday will be here in 5 weeks and with Passover, Easter, Administrative Professionals Day, proms, and weddings during the month of April, I think now is a great time to prebook your Mother's Day order. With this pricing and a variety list this strong you should go ahead and step out on a limb to get your orders in now. Our official cutoff date is April 22nd. It takes a lot here to coordinate the paperwork, conformation of product and the delivery of all customer orders—so why wait? You won't find any better product or price or harder working staff committed to the success of your Mother's Day. We gladly take orders up to the last minute, but cannot guarantee your product and the pricing will be much higher.

This year we have backed up our inbound receiving and pushed our delivery schedule closer to Mother's Day to be able to give mom the freshest product available. We plan to deliver all greens, poms, lilies and double standing orders except the doubled stock on Monday, May 2nd. Double stock will deliver Thursday 5th. All flowers will deliver on Tuesday, May 3rd. All roses and tropicals will deliver on Wednesday, May 4th or per your request.

Thank you for your business.

Best regards,

The staff at Mike's Finest Wholesale Flowers

"BETTER PRODUCT AT A BETTER PRICE"
